BRIAN CALLEY
LT. GOVERNOR

September 22, 2015

Dear Friends:

It gives me great pleasure to welcome you to the First Annual Governor's Energy Excellence Awards.

Michigan has big energy challenges ahead, and must take aggressive steps and set clear goals to reduce energy waste. There are four pillars that all decisions should be based on—affordability, reliability, adaptability and environmental protection. These awards recognize the individuals and organizations who have taken steps to ensure that Michigan will be ready to adapt and make the best energy decisions for our future.

As you gather to celebrate, please know of my sincere thanks for your leadership, dedication and service. I am confident our state will long reap the rewards of your work to improve and invest in the future of Michigan.

Again, welcome to the Governor's Energy Excellence Awards celebration. Please accept my very best wishes for a productive and enjoyable gathering.

Sincerely,

A handwritten signature in blue ink that reads "Rick Snyder".
